Dear Mr. Herman:

December 16, 1997

It has come to our attention that The Network Network ("Network") has registered the website domain name "TNN.com" with the InterNIC Registration Service offered by Network Solutions, Inc. ("InterNIC"). This letter is to advise you that "TNN" (the "Trademark") is a registered trademark wholly owned and controlled by CBS Corporation and/or its subsidiary companies (collectively referred to herein as "CBS"). Network's registration of the Trademark with InterNIC is illegal and a serious violation of CBS's exclusive rights in and to the Trademark.

We hereby advise you that to copy, record, perform, exhibit, exploit, or otherwise use the Trademark in any way without CBS's permission constitutes a serious infringement of CBS's exclusive rights in such material.

Unless you immediately cease and desist from all use of the Trademarks, including without limitation the uses referred to above, voluntarily withdraw your registration of the Trademark with InterNIC, and provide us with written assurances that you have complied in full with such requirements, and will not resume any use of the Trademark in the future, we will have no alternative but to take appropriate legal action to protect CBS's rights. We require receipt of such written assurance from you by no later than Tuesday, December 23, 1997, or CBS will take appropriate action to enforce and protect its rights.

CBS specifically reserves any and all of its rights and remedies with respect to your unauthorized use of CBS material.

Sincerely,

Thomas F. Lane
Broadcast Counsel
